

Uniontown Area School District

Students in grades K-2 have full access to online
Mathematics resources at.....

Website: ec2.educationcity.com

Username: Student ID#
(your teacher can provide your student ID #)

Password: city

Education City can also be accessed from the district's webpage, uasdraiders.org, under the "resources" tab click "Edmentum Sites".

Our Math module is packed full of engaging resources to assist and compliment classroom instruction and to get students excited about math. EducationCity's interactive math resources are aligned to state standards and consist of easy-to-understand content with visual and audible reinforcements to appeal to all learners.
