

Urgent Notice

Remote Day Health Room Screenings

Each school year, students are offered health room screenings by the School Nurse. This year Covid 19 presents us with many dilemmas. At Uniontown Area School District your child's safety is our main concern. We will be offering these screenings at the Uniontown High School Nurses' office and adjacent classroom on Thursday May 13, 2021, a scheduled Remote Day with no live instruction. The screenings will be offered from 8:00am to 11:30am and then from 12:30pm to 2:30pm. Students in all grades will be screened for Vision, Height and Weight. Students in K,6 and 11th will be offered a physical exam by the district physician from 8:00am to 10:00am only. Students in K,1,2,3,7 and 11 will also be given a hearing screen. At this time we will not be offering Dental Exams due to the increased risk of exposure to Covid 19. We strongly encourage students in grades K,3 and 7 to schedule dental exams with their family dentist. Parents who are not comfortable with their child attending the screening day are strongly encouraged to have their child seen by their family physician for their yearly checkup, especially students in grades K,1,6 and 11.
